***Allowable Subject Matter***

3. Claims 1, 6, 11, 16, 22 and 27 are allowed.

The following is an examiner's statement of reasons for the allowance: The Examiner deems claims 1, 6, 11, 16, 22 and 27 as novel when read as a whole for the limitations of a apparatus for managing errors in prefetched data, the apparatus comprising: a validation module configured to correct single bit errors in the prefetched data packet, determine that the prefetched data packet contains an uncorrectable error, and store a first location address for the prefetched data packet with the uncorrectable error, wherein the address is stored in the second location and no address is stored for prefetched data packets without uncorrectable errors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
